QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor, Division of Employment, would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

A STATE OF NEBRASKA PUBLICATION

THE HONORABLE
ROBERT KERREY
GOVERNOR OF NEBRASKA

RONALD E. SORENSEN
Commissioner of Labor

VERN D. MALOLEPSZY
Executive Director
Division of Employment

QUESTION: **Where do we get the employment data contained in this publication?**

ANSWER: **From YOU — the employer!**

The Nebraska Department of Labor, Division of Employment, would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor, Division of Employment, would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

NEBRASKA WORK TRENDS

DECEMBER 1983

Nebraska Department of Labor

Research and Statistics

QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

A STATE OF NEBRASKA PUBLICATION

THE HONORABLE
ROBERT KERREY
GOVERNOR OF NEBRASKA

RONALD E. SORENSEN
Commissioner of Labor

NEBRASKA WORK TRENDS

FEBRUARY 1984

Nebraska Department of Labor

Research and Statistics

QUESTION: **Where do we get the employment data contained in this publication?**

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

A STATE OF NEBRASKA PUBLICATION

THE HONORABLE

ROBERT KERREY

GOVERNOR OF NEBRASKA

RONALD E. SORENSEN
Commissioner of Labor

QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

A STATE OF NEBRASKA PUBLICATION

THE HONORABLE

ROBERT KERREY

GOVERNOR OF NEBRASKA

RONALD E. SORENSEN
Commissioner of Labor

Nebraska Department of Labor

Research and Statistics

QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

A STATE OF NEBRASKA PUBLICATION

THE HONORABLE

ROBERT KERREY

GOVERNOR OF NEBRASKA

RONALD E. SORENSEN
Commissioner of Labor

Nebraska Department of Labor

Research and Statistics

QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

ANNOUNCEMENT

Occupational Employment Statistics (OES) Program

We are often asked for Nebraska:

- What is the occupational mix within a specific industry?
- What is the occupational makeup in the total labor force?
- What occupations tend to be impacted by industrial expansion or cutback?

Butcher
Baker
Candle stick Maker

We do not have answers to these questions - - - - - which is the reason we need to add occupational information to our data bank for your occupational planning needs.

Basic occupational employment statistics program information is presented on the reverse side in a question and answer format.

OCCUPATIONAL EMPLOYMENT STATISTICS

FACT SHEET

QUESTION:	ANSWER:
Will all firms within an industry be sampled?	No. From each industry approximately a 10% random sample will be drawn.
What is the survey plan?	This year (1984) a sampling of Nonmanufacturing establishments (construction/mining; finance, insurance and real estate; transportation, communication and utilities; and services) will receive a survey form. A sampling of the balance of nonmanufacturing establishments are scheduled to receive a survey form in 1985. A sampling of the manufacturing establishments will receive a survey form in 1986.
Will agriculture be included in the sample?	No. However, agricultural services, as opposed to agriculture per se will be included in the sample.
When will the questionnaires be mailed to the nonmanufacturing establishments in 1984?	Due to printing delays, all surveys will be mailed out beginning in July.
Will survey results be published?	Yes. Occupational information will be published by industry (no firm identification) as each survey cycle is completed.
How will the business community benefit?	Employers who request occupational information tell us that business establishments who have to depend on interest, talents, and skills or workers have a need for occupational information. Educators and trainers use occupational information to assist them to prepare students for occupations that are realistic in terms of labor market demand. Occupational information is a vital tool for personnel management.
How will the general public benefit?	Workers preparing for a job or looking for a job need to know about occupations available in the labor force to choose occupations that they can perform, are willing to perform, and can derive satisfaction from performing. Occupational information is a basic to effective vocational counseling and career guidance.
Is this a mandatory program?	No. EMPLOYER PARTICIPATION IS STRICTLY VOLUNTARY. Your reply will be kept in strict confidence.

Nebraska Department of Labor

Research and Statistics

QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

ANNOUNCEMENT

Occupational Employment Statistics (OES) Program

We are often asked for Nebraska:

- What is the occupational mix within a specific industry?
- What is the occupational makeup in the total labor force?
- What occupations tend to be impacted by industrial expansion or cutback?

Butcher
Baker
Candle stick Maker

We do not have answers to these questions - - - - - which is the reason we need to add occupational information to our data bank for your occupational planning needs.

Basic occupational employment statistics program information is presented on the reverse side in a question and answer format.

OCCUPATIONAL EMPLOYMENT STATISTICS

FACT SHEET

QUESTION:	ANSWER:
Will all firms within an industry be sampled?	No. From each industry approximately a 10% random sample will be drawn.
What is the survey plan?	This year (1984) a sampling of Nonmanufacturing establishments (construction/mining; finance, insurance and real estate; transportation, communication and utilities; and services) will receive a survey form. A sampling of the balance of nonmanufacturing establishments are scheduled to receive a survey form in 1985. A sampling of the manufacturing establishments will receive a survey form in 1986.
Will agriculture be included in the sample?	No. However, agricultural services, as opposed to agriculture per se will be included in the sample.
When will the questionnaires be mailed to the nonmanufacturing establishments in 1984?	Due to printing delays, all surveys will be mailed out beginning in July.
Will survey results be published?	Yes. Occupational information will be published by industry (no firm identification) as each survey cycle is completed.
How will the business community benefit?	Employers who request occupational information tell us that business establishments who have to depend on interest, talents, and skills or workers have a need for occupational information. Educators and trainers use occupational information to assist them to prepare students for occupations that are realistic in terms of labor market demand. Occupational information is a vital tool for personnel management.
How will the general public benefit?	Workers preparing for a job or looking for a job need to know about occupations available in the labor force to choose occupations that they can perform, are willing to perform, and can derive satisfaction from performing. Occupational information is a basic to effective vocational counseling and career guidance.
Is this a mandatory program?	No. EMPLOYER PARTICIPATION IS STRICTLY VOLUNTARY. Your reply will be kept in strict confidence.

NEBRASKA WORK TRENDS

JULY 1984

Nebraska Department of Labor

Research and Statistics

QUESTION: Where do we get the employment data contained in this publication?

ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

ANNOUNCEMENT

Occupational Employment Statistics (OES) Program

Doctor
Lawyer
Merchant
Chief

We are often asked for Nebraska:

What is the occupational mix within a specific industry?

What is the occupational makeup in the total labor force?

What occupations tend to be impacted by industrial expansion or cutback?

Butcher
Baker
Candle-stick Maker

We do not have answers to these questions - - - - - which is the reason we need to add occupational information to our data bank for your occupational planning needs.

Basic occupational employment statistics program information is presented on the reverse side in a question and answer format.

OCCUPATIONAL EMPLOYMENT STATISTICS

FACT SHEET

QUESTION:	ANSWER:
Will all firms within an industry be sampled?	No. From each industry approximately a 10% random sample will be drawn.
What is the survey plan?	This year (1984) a sampling of Nonmanufacturing establishments (construction/mining; finance, insurance and real estate; transportation, communication and utilities; and services) will receive a survey form. A sampling of the balance of nonmanufacturing establishments are scheduled to receive a survey form in 1985. A sampling of the manufacturing establishments will receive a survey form in 1986.
Will agriculture be included in the sample?	No. However, agricultural services, as opposed to agriculture per se will be included in the sample.
When will the questionnaires be mailed to the nonmanufacturing establishments in 1984?	Due to printing delays, all surveys will be mailed out beginning in July.
Will survey results be published?	Yes. Occupational information will be published by industry (no firm identification) as each survey cycle is completed.
How will the business community benefit?	Employers who request occupational information tell us that business establishments who have to depend on interest, talents, and skills or workers have a need for occupational information. Educators and trainers use occupational information to assist them to prepare students for occupations that are realistic in terms of labor market demand. Occupational information is a vital tool for personnel management.
How will the general public benefit?	Workers preparing for a job or looking for a job need to know about occupations available in the labor force to choose occupations that they can perform, are willing to perform, and can derive satisfaction from performing. Occupational information is a basic to effective vocational counseling and career guidance.
Is this a mandatory program?	No. EMPLOYER PARTICIPATION IS STRICTLY VOLUNTARY. Your reply will be kept in strict confidence.

Nebraska Department of Labor

Research and Statistics

QUESTION: Where do we get the employment data contained in this publication?

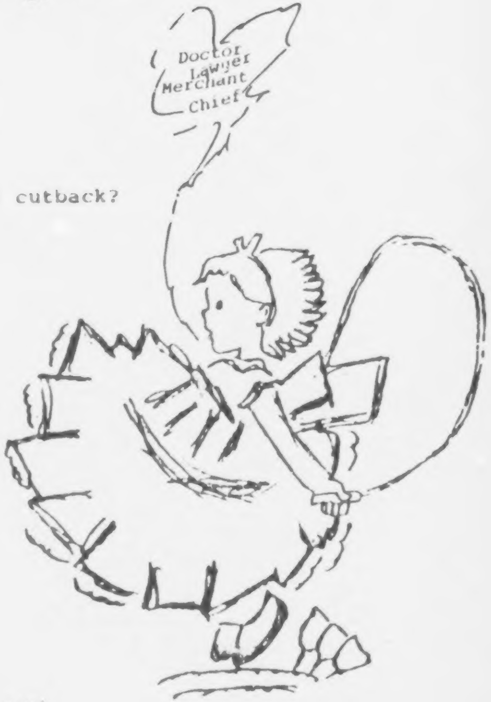
ANSWER: From **YOU** — the employer!

The Nebraska Department of Labor would like to take this opportunity to extend our gratitude and appreciation to those cooperating employers who provide us with requested data.

This makes it possible for us to supply information necessary for planning and decision-making to Nebraska employers, governmental units, labor organizations, and other individuals and agencies with a need to know about the Nebraska labor force and industrial composition.

ANNOUNCEMENT

Occupational Employment Statistics (OES) Program



Doctor
Lawyer
Merchant
Chief

We are often asked for Nebraska:

What is the occupational mix within a specific industry?

What is the occupational makeup in the total labor force?

What occupations tend to be impacted by industrial expansion or cutback?

Butcher
Baker
Candle stick Maker

We do not have answers to these questions - - - - - which is the reason we need to add occupational information to our data bank for your occupational planning needs.

Basic occupational employment statistics program information is presented on the reverse side in a question and answer format.

OCCUPATIONAL EMPLOYMENT STATISTICS

FACT SHEET

QUESTION:	ANSWER:
Will all firms within an industry be sampled?	No. From each industry approximately a 10% random sample will be drawn.
What is the survey plan?	This year (1984) a sampling of Nonmanufacturing establishments (construction/mining; finance, insurance and real estate; transportation, communication and utilities; and services) will receive a survey form. A sampling of the balance of nonmanufacturing establishments are scheduled to receive a survey form in 1985. A sampling of the manufacturing establishments will receive a survey form in 1986.
Will agriculture be included in the sample?	No. However, agricultural services, as opposed to agriculture per se will be included in the sample.
When will the questionnaires be mailed to the nonmanufacturing establishments in 1984?	Due to printing delays, all surveys will be mailed out beginning in July.
Will survey results be published?	Yes. Occupational information will be published by industry (no firm identification) as each survey cycle is completed.
How will the business community benefit?	Employers who request occupational information tell us that business establishments who have to depend on interest, talents, and skills or workers have a need for occupational information. Educators and trainers use occupational information to assist them to prepare students for occupations that are realistic in terms of labor market demand. Occupational information is a vital tool for personnel management.
How will the general public benefit?	Workers preparing for a job or looking for a job need to know about occupations available in the labor force to choose occupations that they can perform, are willing to perform, and can derive satisfaction from performing. Occupational information is a basic to effective vocational counseling and career guidance.
Is this a mandatory program?	No. EMPLOYER PARTICIPATION IS STRICTLY VOLUNTARY. Your reply will be kept in strict confidence.
